What is the Chamber of Commerce?

The Belgrade Chamber of Commerce is a voluntary association of business people working to improve the economic and civic vitality of our community. An organization financed entirely by member investments and projects ... independent of all other organizations and groups. The purpose is not to make a profit in dollars and cents, but rather to profit its members through an improved market place.

Our Mission

Through leadership and integrity, the Belgrade Chamber of Commerce is committed to unite the business community and enhance the quality of life in Belgrade.

NETWORKING

Our Business After Hours Program allows you to network with other businesses and meet potential clients. Business After Hours is a terrific way to showcase your business, your services and your products. You can sign up to host your own Business After Hours event - this is a once a month event and they fill up quickly - so call right away!
